

# Extreme challenge

Scenarios and challenges creation tool (3/3)

This tool, quickly frames your scenario and gives you space to counter the scenario with a reframed design challenge. Quickly create many of these and then refine, or ideate questions straight onto your extreme scenarios and then complete this once you've found the right challenge.

Title of the scenario

Add a photo of the persona here

In a World where...  
Title of the Signal 1

and...  
Title of the Signal 2

It's possible that...  
Describe the implications that this new context will have on the persona

Challenge:

In this space create your design challenges by considering the issues and reframing them in the 'How might we...' structure to demonstrate opportunity.
